Understanding the Benefits
About ISLA

The International Securities Lending Association (ISLA) is a leading non-profit industry association representing the common interests of securities lending and financing market participants across Europe, Middle East and Africa. Its geographically diverse membership of over 190 firms includes institutional investors, asset managers, custodial banks, prime brokers and service providers.

Subscribe to our news to receive ISLA updates and ‘ISLA Insights’, a weekly curated news service that brings together top industry-related stories from over 200 trade publications

Over 190 members including institutional investors, banks, broker-dealers, service providers and alternative investment managers (AIMs)

20+ countries represented
Our Mission Statement & Aims

“ISLA fosters the growth of the securities lending and financing industry, and actively represents the long-term interests of all stakeholders.”——Strategy Committee, ISLA Board of Directors

**Leadership**

Represent the common interests of our members and wider stakeholders, as the primary trade association to the securities lending and financing industry for the EMEA region. Adapt advocacy approach to evolving regulatory framework, establishing regular dialogue where appropriate with key regulators, supervisors, governments, and policy makers across EMEA to provide a safe and efficient framework for the industry. Improve transparency and education to the wider financial community, the media, and peer associations to explore areas of cooperation and collaboration.

**Market Structure & Development**

Create a professional and interactive environment for our membership, facilitate market structure evolution to improve efficiency and opportunities in the industry. This includes the promotion or adoption of securities lending and financing in new markets, as well as a review of adjacent financing transactions.

**Standards-Setting**

Promote, mutualise, and standardise industry best practices for securities lending and financing that allow for increased scalability, efficiency whilst maintaining market integrity. This includes the maintenance of legal frameworks for the securities lending and financing markets, as the sponsor of the Global Master Securities Lending Agreement (GMSLA) as the market standard legal agreement, the ISLA Netting Opinions, the ISLA Clause Library & Taxonomy, and the Common Domain Model (CDM).

**Sustainability**

Align the industry with the regulatory sustainability agenda. Ensure securities lending and financing is established as a sustainable activity, by identifying the different perspectives of all stakeholders, and leading the evolution of ESG lending across all working groups, events and wider initiatives.
Shape the Industry

ISLA working groups are the engine room of the Association. This is where industry challenges are raised, issues debated, ideas conceived, and solutions sought.

ISLA runs 20+ standing and topic-specific Steering Groups and Subgroups for its members, covering all aspects of advocacy, legal, regulation, digital, and best practice. Our numerous groups allow members to participate fully in enhancing and developing the securities lending industry across EMEA.

Members can access all minutes via the ISLA website using their member login.

As part of the Diversity, Equity & Inclusion (DEI) Steering Group, ISLA aims to cultivate a diverse, equitable and inclusive securities financing industry where all members can bring their unique skills, perspectives and experiences to advance the industry in the most effective and efficient manner. We will leverage our position to create an inclusive and collaborative community and encourage positive change.

Our continued advocacy efforts across the region enable us to engage with local, regional, and global regulators and policy makers at the highest level, so as to ensure our members views are represented.

We also work closely with many other European and global associations to ensure coordination and collaboration on shared initiatives that will benefit our respective memberships.

“ISLA has led industry engagement on a number of challenging regulatory policy issues in recent years in Brussels and elsewhere in the EMEA region. The positive results they have achieved for the industry - and for end-clients - in areas such as SFTR, are testament to the way in which Andrew Dyson and team have built their relationships with key policy makers and underscored the value of securities finance in the development of European capital markets.”

Stephen Fisher, Managing Director, Public Policy, BlackRock
“As a longstanding member of ISLA, and an active participant in the securities lending markets, we continue to be greatly appreciative of the industry-focused approach ISLA has adopted in addressing the challenges of regulatory change. We are also strong supporters of the ISLA events, taking place throughout the year, which provide an ideal forum for sharing and discussing the topical issues from within our industry, while also providing exceptional networking opportunities with the delegates that these events bring together.

Marije Verhelst, Director, Product Management - Securities Lending and Collateral Management, Euroclear SA/NV

Community & Growing Your Network

ISLA holds some of the leading industry events in EMEA. At our numerous events, including conferences, regional roundtables and briefings, webinars, and working groups meetings, we bring together industry participants and leading speakers from across the industry as well as the globe.

ISLA Events are the ideal platform to hear about the latest developments, build networks, and be part of the debate.

Each unique agenda provides an interesting mix of panel discussions, informative presentations, and inspiring guest keynote speakers.

Priority access when booking sponsorship packages provide members with the opportunity to promote their brand. They can also take advantage of discounted delegate rates for attendance.

Online Resources

Our website allows members access to the market standard Global Master Securities Lending Agreement (GMSLA) Title Transfer, and Security Interest (‘Pledge’) versions, as well as the option to access Netting Opinions that support the Pledge in over 65 jurisdictions globally. Dedicated regulatory, digital, and legal teams can help guide you through the complexities of policy consultation papers, as well as the impact of new and emerging market practices.

We provide regular blogs, and updates on key industry developments, and explain how they may impact your business. Our best practice resources provide members with standardised terms to help them interpret complex regulatory and policy changes.
## Membership Options & Benefits

Depending on the firm type and their role within the securities lending market, ISLA offers two tiers of membership:

<table>
<thead>
<tr>
<th>Membership Level</th>
<th>Membership Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Full Members</strong></td>
<td>Must be engaged as principal or agent in the lending or borrowing of securities.</td>
</tr>
<tr>
<td><strong>Associate Members</strong></td>
<td>Must be involved in the provision of commercial services to full members in support of their securities lending or borrowing activities.</td>
</tr>
</tbody>
</table>

As a member, you will join an extensive group of industry participants, ranging from institutional investors, agent lenders and principal borrowers, to law firms, technology platforms, clearing houses and collateral agents. Through the Association, we bring together a wide network of leading securities lending professionals and turn their agendas into our priority.
